

1997 Directory of State Listings of Crushed Stone and Sand and Gravel Producers

U.S. GEOLOGICAL SURVEY, MINERAL INDUSTRY SURVEYS

UNITED STATES GOVERNMENT PRINTING OFFICE, WASHINGTON: 1997

DIRECTORY OF STATE LISTINGS OF CRUSHED STONE AND SAND AND GRAVEL PRODUCERS

Compiled by the U.S. Geological Survey
Minerals Information Team

INTRODUCTION

A significant amount of information regarding the crushed stone and sand and gravel industries in each State is available from State agencies and State trade associations. These organizations continuously monitor the State mineral industries and are therefore an important source of detailed information at the local level. This fourth edition of the directory was prepared to provide a listing of State government agencies and trade associations that can assist the users interested in obtaining detailed listings of crushed stone and sand and gravel producers, in addition to the information published by the U.S. Geological Survey.

Any comments, suggestions, additions, or updates to this listing that will improve the coverage of the directory should be sent to:
